

我们还是用了中国传统的人字顶

A modern hotel room featuring two twin beds with white linens and dark brown tufted headboards. A large, rectangular mirror is mounted on the wall above the beds, reflecting the room's interior. The room has a light-colored carpet with a large, stylized floral pattern in shades of purple and gold. A small table with a lamp and a vase of white flowers is visible in the foreground. The room is well-lit with warm, ambient lighting.

A large, rustic-style wooden-framed mirror is mounted on a light-colored wall. The mirror's frame is made of light-colored wood with a prominent grain. The mirror itself reflects a bathroom interior. In the reflection, a dark countertop with a white sink and a chrome faucet is visible. Above the sink, there are two square, lantern-style light fixtures. To the left of the sink, a round mirror is mounted on the wall. The reflection also shows a doorway leading to another room. Below the mirror, a portion of a bed with white linens and a green textured blanket is visible. To the right, a wooden nightstand is partially seen.

除了玻璃外,我也住过完全开放式设计,不过这种实用度存疑

# 主卧 - 15

主卧室要很安静，所以楼上楼下的隔音一定要做好，尤其天花板和地板的隔音要加强。房间的格局可以直接参考酒店房间的摆法，我们觉得那样最舒服。

- 15a: 高优先度
  - 需要有好的隔音
  - 需要有感应起夜小夜灯
  - 需要有智慧家庭康养传感器 (防跌倒, 呼救)
- 15b: 中高优先度 (倾向安装)
  - 动线需要考虑未来轮椅进出
  - 尽可能使用拉门
- 15c: 一般优先度 (有疑问)
  - 希望能有架子床
  - 有考虑使用华为合作的智慧床(不需电动骨架, 但床垫本身的软硬自动调整与监控可以考虑)
- 15d: 低优先度 (倾向不安装)
  - 无
- 15e: 黑名单
  - 主卧不要电视
  - 主卧不要床尾凳
